

**THE PRINCIPLES BEHIND
AMERICAN
EXCEPTIONALISM**

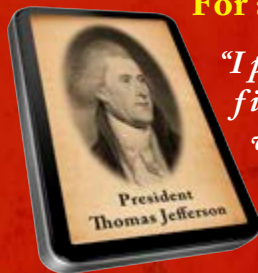

For a Safe Society

*...reason and experience
both forbid us to
expect that national
morality can prevail
in exclusion
of religious
principle."*

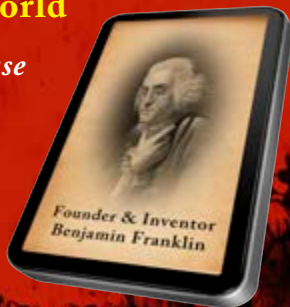

For a Roaring Economy

*"I place economy among the
first and most important
virtues and public debt
as the greatest dangers
to be feared."*

For the Whole World

*"...our cause is the cause
of all mankind, and
that we are fighting
for their liberty in
defending our own."*

...proclaiming liberty throughout the land

Our Mission

The Providence Forum is a 501(c)(3) non-profit organization whose mission is to preserve, defend and advance the faith and values consistent with our nation's founding.

Our Motto

As the Founding Fathers did, the members of The Providence Forum have felt the "overruling providence of God" at work at this critical moment in the history of America. As the great assault on the very virtues and foundations of our Nation, The Providence Forum has been raised up to help call our nation back to its historic dependence on "an overruling Providence which by all its dispensations proves that it delights in the happiness of man here and his greater happiness hereafter." (President Thomas Jefferson)

"We seek to persuade the mind and capture the imagination with the wisdom of the founding generation that continually pointed toward Heaven. Each generation must rekindle the Sacred Fire of Liberty. It is our turn.

Join us as we rise up so America will remain the Last, Best Hope of Earth,

... so help us God."

PROVIDENTIAL PRINCIPLES FOR THE TIMES THAT TRY MEN'S SOULS

Greatest Nation on Earth Essential Ingredients

1) Moral Religious People

"...it is the duty of all Nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly to implore His protection and favor..."

George Washington
1st President of the United States

Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other."

John Adams
2nd President of the United States

We don't seek mild agreement, but to birth a burning desire to re-ignite Sacred Fire.

"Shallow understanding from people of good will is more frustrating than absolute misunderstanding from people of ill will. Lukewarm acceptance is much more bewildering than outright rejection."

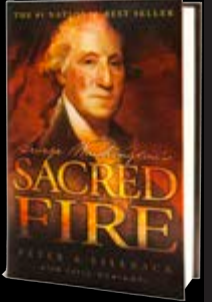

Letter from a Birmingham Jail
Martin Luther King, Jr.
